PROFILE

Full-Stack web Developer with experience in .NET, React.js, Python Django, and REST APIs. Focused on building functional and user-friendly web applications. Skilled in back-end development, API integration, and Database management. Familiar with collaborative development and version control.

EDUCATION

Siddhanath Science Campus, Tribhuvan University

Bachelor in Computer Science and Information Technology (BSc.CSIT)

SKILLS

- **Languages** — Python, C#, JavaScript, SQL
- **Frameworks** — Django, .Net, React
- **Databases** — SQLite, Sql Server
- **Web Technologies** — HTML, CSS
- **Tools** — GitHub, PyCharm, vs code
- **Platform** — Windows, Web
- **Soft Skills** — Problem Solving, Teamwork, Communication

EXPERIENCE

Bheemdatta Municipality Kanchanpur

Dec 2025 - Feb 2026

Information Technology Internship

- Provided technical support and resolved basic system and network issues.
- Worked with web-based government systems such as LGPAS and BPIS.
- Performed data entry and managed administrative data using SUTRA Modules.
- Assisted in software setup and day-to-day IT operations.
- Gained hands-on experience in a real world IT environment.

PROJECTS

- **Personal Portfolio:** Developed a personal portfolio website to showcase skills, projects, and personal information, with a dynamic admin panel for content management and a contact form that stores user messages in a database.
- **Weather App:** Developed a web application that provides real-time weather information based on user input city, displaying temperature, humidity, and weather conditions using live API data.
- **Social Blog:** Developed a blogging platform where users can create accounts, publish posts, and interact with content through likes and comments, along with a dynamic feed and user profile system.

ACHIEVEMENTS

- Built multiple web applications with real-world functionality.
- Experience in back-end development, database handling, and API integration.
- Understanding of authentication and CRUD operations.
- Ability to design and develop responsive web applications.
